अवलोकन

JANUARY-JUNE 2025 VOLUME:7 ISSUE: 2

Our Vision:

Our Institute is committed to providing quality education and training by creating faculty resources with excellent infrastructure facilities.

Our Mission:

To become a premier centre of academic and technological excellence in pharmaceutical education and research.

Dear Reader,

It gives me pleasure to present the **14th issue of our biannual newsletter Avalokan**, covering the activities and achievements of Saraswati Institute of Pharmaceutical Sciences from January to June 2025.

This period demonstrates our growth and dedication to academic excellence. The institute successfully organized a **Mega Pharmacy Placement Fair**, providing students opportunities with leading pharmaceutical companies. We also organized **Talentime**, celebrating student creativity and talent on campus. A significant achievement was the **special appreciation** from Gujarat Technological University (GTU) for securing **NBA re-accreditation for three years,** reflecting our academic quality and standards. Our faculty and students participated in national and international conferences, presenting research papers and engaging in knowledge exchange. Students brought recognition by securing top university ranks, showing academic excellence. Faculty members contributed through research publications and patents, enhancing the institute's academic reputation. This newsletter captures these accomplishments, reflecting the efforts of our faculty, students, and staff. I congratulate all contributors and wish for continued success.

Let us continue striving for excellence and uphold innovation, integrity, and academic brilliance.

Best Wishes,

Shri K. G. Patel

MESSAGE

Industry Person

I congratulate the SIPS Team and convey best wishes to all students, faculty and members affiliated to the institute as you conclude another spell of excellence with this edition of **"Avalokan"** capturing recent updates.

Students will transition from college to corporate through support programs and placement drives. As you enter this next chapter, remember to value long-term gratification over short-term gains. In a world favoring speed, seeking quick results is tempting. However, true fulfillment comes from years of patience and dedication to a vision beyond momentary rewards. Your early years may seem slow, with progress feeling invisible. But every skill, challenge, and relationship you nurture builds foundation for meaning. The most extraordinary careers aren't those that rose fastest, but those that stayed strongest. Stay committed to learning. Choose growth over comfort. Trust the process. Dream for a future that patience builds.

In a world of peer pressure for short term gratification, remember that true success means ***"Values Bring Valuation"***

Alumni

It's an honor to contribute for **"AVALOKAN"**, E-Newsletter of Saraswati Institute of Pharmaceutical Sciences (SIPS). As an alumnus, I often think about the vibrant campus life and valuable lessons learned. SIPS provided excellent education in a family-like atmosphere. The faculty members who guided my masters were more than teachers. Their teaching techniques helped me and my batchmates reach our goals. Beyond the curriculum, the institute provided a platform for students' development by enhancing soft skills crucial for today's professional world. The National and International Conferences organized by the institute enhanced my knowledge in the Pharma field. The management plans visit to Pharmaceutical Industries to connect theory with practical applications. The recent Mega Pharmacy Placement Fair benefits students' careers. To current students, embrace opportunities, challenge yourselves, and never stop learning. Stay connected with your College, Mentors and Teaching faculties for support and inspiration. I extend congratulations to all current and future SIPS pharmacists. The lessons learned here shape our careers and lives.

Last but not the least ***"The lessons learned here extend far beyond the classroom, shaping not just our careers, but our lives."***

Mr. Mayurkumar Jadav (M.Pharm – 2016-18 Batch)
Associate Manager, Zydus Life science Ltd.,

Parent

I congratulate SIPS for their achievement. It's pride that my daughter is part of this institute. SIPS focus on improving theoretical and technical knowledge of students. The staff supports careers by explaining goals and options. They inspire students to think differently and focus on knowledge. They arrange workshops, motivational lectures, sports and festivals. I am satisfied seeing my daughter guided by such mentors.
